

## Section: Narratives - Needs Assessment

### Introduction

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$ 249,848,000 or five percent (5%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to school districts, charter schools and cyber charter schools (collectively, LEAs) = to implement evidence-based interventions that address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that LEAs, at a minimum, use the funds they are awarded under this subgrant in the following ways: .

### Percentage of LEA Allocation - Required Activities

**30% - To address the social, emotional and mental health needs of students**

**10% - To provide professional development and technical assistance to educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students.**

**8% - To address reading remediation and improvement for students**

The remaining allocation may be used by the LEA to address and/or supplement other areas of learning loss caused by the pandemic.

Act 24 also requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer activities, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs.

Through this grant application, LEAs will meet their requirement of developing a three-part plan, including describing their planned programming, a narrative outlining the expected benefit of each program and activity, as well as an overview of how the LEA determined the areas of need to be addressed, including the use of stakeholder feedback.

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

**Needs Assessment:** In this section, LEAs are asked to describe the impact of the pandemic on their

students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting student needs since March 2020.

## Indicators of Impact

1. Understanding the Impact of the COVID-19 Pandemic: Describe how the LEA has identified or will identify the extent of the impact of the COVID-19 pandemic on student learning and well-being. Specifically, what methods (i.e., collecting and analyzing data and information from focus groups, surveys, and local assessment results) were used or will be used to identify and measure impacts in four key areas: (1) Social and Emotional Learning, (2) Professional Development needs to support Social and Emotional Learning, (3) Reading Remediation and Improvement for Students, and (4) Other areas of Learning Loss?

	Method used to Understand Each Type of Impact
<b>Social and Emotional Learning</b>	Weekly and monthly meetings are held with staff members, including school counselors, to address the needs and concerns of each building. Information has been gathered at many of these meetings, as well as during individual conversations, to identify the needs of students in relation to their social and emotional status.
<b>Professional Development for Social and Emotional Learning</b>	Every professional staff member completed an adult learning plan to indicate what areas of professional growth they are looking to explore each year. This year, as in previous years, many staff members have identified a need to grow personally and learning more about meeting the social and emotional needs of their students as well as becoming more trauma-informed.
<b>Reading Remediation and Improvement for Students</b>	Several assessments have been administered to students to identify their reading level and areas for additional support.
<b>Other Learning Loss</b>	At the end of the 2020-2021 school year, grade level meetings were conducted at each elementary to discuss math instruction and insure that teachers had access to resources that meet their needs. Feedback was given by each grade level. It was determined that there is a need to investigate other math resources that allow for more personalized math instruction.

## Documenting Disproportionate Impacts

2. Identify the student groups in the LEA that faced particularly significant impacts from the pandemic in the areas of Social and Emotional Learning, Reading Remediation and Improvement, or any other areas of learning loss that the LEA will address with this funding source. For each, provide specific strategies that were used or will be used to identify and measure impacts.

		<b>Provide specific strategies</b>
--	--	------------------------------------

Student Group	Area of Impact	that were used or will be used to identify and measure impacts
Children from Low-Income Families	Social and Emotional Learning	Activities completed at the elementary level using the PATHS curriculum for social and emotional learning.
Children from Low-Income Families	Reading Remediation and Improvement	Investigate reading materials and resources that are appropriate for middle school learners and allow for content at their reading level.
Children from Low-Income Families	Other Areas of Learning Loss	Investigate elementary math resources that focus on meeting learners at their instructional level.

## Section: Narratives - Learning Loss Program Questions

**Learning Loss Program Questions:** In this section, LEAs are asked to describe the activities they have designed to support accelerated learning to combat learning loss caused by the COVID-19 pandemic for their students. Please use the following link to ensure that your calculated values below are equal to the values published on PDE's website. The file contains your LEA's MINIMUM required reserves for Learning Loss to address SEL, SEL PD, and Reading Improvement. [Click to download reserve amounts.](#)

\*LEA's can choose to spend MORE than the minimum required reserves for Learning Loss. Those values will be entered in the budget sections.

**Section 3a – Social and Emotional Learning:** As schools across the Commonwealth return to school, LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM of THIRTY PERCENT (30%)** of funding available through this grant application to support the Social and Emotional Learning of their students. In this section, LEAs are asked to describe the activities they have designed to address these needs. Please reference the SEL framework to assist in developing this plan.

3. Calculate 30% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning. *(Calculation will populate when you click the Save button)*
  - *This value will be needed in the corresponding budget section.*

	Total LEA Allocation	Multiply by 30% (.30)	Minimum Allocation for SEL
<b>Minimum 30% SEL Requirement</b>	179,530	30%	53,859

4. Describe the data sources the LEA is using to identify social and emotional needs of students and identify areas of strength and concerns in the learning environment.

Information regarding student social and emotional needs is being gathered K-12 from a variety of sources including professional staff, paraprofessionals, psychologists, and school counselors. Regular data for discipline and attendance is also reviewed. School counselors are also receiving feedback from students and parents on their mental health and home situations.

5. Program/Activities – Please describe the planned program activities and identify the type of activity

and the number of students to be served by that activity.

Program Activity	Student Group	Type (Universal, Targeted, Intensive)	Number of Students Served
PATHS Curriculum		Universal	880

6. How will the LEA assess the success of the SEL program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Classroom Activities	Monthly	Improved peer-to-peer relationships and emotional wellness.

**Section 3b – Social and Emotional Learning Professional Development:** LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM OF TEN PERCENT (10%)** of funding available through this grant application to support professional development activities and technical assistance for educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students. In this section, LEAs are asked to describe the activities they have designed to address these needs.

7. Calculate 10% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning Professional Development. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

	Total LEA Allocation	Multiply by 10% (.10)	Minimum Allocation for SEL PD
<b>Minimum 10% SEL PD Requirement</b>	179,530	10%	17,953

8. Describe the planned professional development activities and how the activity will ensure that teachers/staff are equipped with training/support on the following:
- Social emotional learning and support for students that have suffered trauma during the COVID-19 pandemic;

- b. Identifying signs of possible mental health issues and providing culturally relevant support;
- c. Motivating students that have been disengaged;
- d. Mentoring students who have attendance issues before it becomes a pattern;
- e. Self-care and mindfulness strategies for teachers;
- f. Engaging and communicating effectively with parents;
- g. Working with community agencies to address non-academic needs.

Professional Development Activity	Number of Staff Involved	Type of Staff Involved (Teacher, Counselor, Support Staff, Admin, Other)	Provider – Who will present the professional development	Is the provider an internal staff member or an outside contractor?	Brief Description of the Planned Activity
c. Motivating students that have been disengaged;	10	Teacher	District Staff	Internal Staff	Sessions on how to handle disengaged students and avoid escalation.
a. Social emotional learning and support for students that have suffered trauma during the COVID-19 pandemic;	20	Teacher	District Staff	Internal Staff	Possible book study and discussion groups with built in activities on trauma.

9. How will the LEA assess the success of the SEL professional development? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Participant Attendance and Completion	End of Session	Participation and implementation of provided strategies.

### **Section 3c - Reading Improvement for Students:**

LEA allocations in Reading improvement should be used to increase the best practice in the

implementation of research-based reading instruction and acceleration. As schools are planning the most effective use for this 8% set aside for reading instruction and acceleration, they should contemplate the use of structured literacy (also known as Science of Literacy) to develop reading instruction and remediation. Please reference the Structured Literacy framework to assist in developing this plan [LINK NEEDED](#)

LEAs are required to utilize **A MINIMUM of EIGHT PERCENT (8%)** of their ARP-ESSER allocation for research-based reading instruction. In this section, describe the course of action to remediate and improve reading gaps through research-based practices.

10. Calculate 8% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Reading Improvement for Students. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

	Total LEA Allocation	Multiply by 8% (.08)	Minimum Allocation for Reading Improvement
<b>Minimum 8% Reading Improvement Requirement</b>	179,530	8%	14,362

11. What local assessments were used to determine the need to address learning loss in the area of reading? For which specific groups of students was this need evidenced? What were the findings?

Middle school students were given a variety of assessments to assess reading levels. These assessments included, but were not limited to, STAR Reading, iReady diagnostic, Jan Richardson assessment. The majority of 6th and 7th grade learners participated in these assessments. The results indicated that some students were reading below grade level and are in need of additional support.

12. Does your data indicate that at-risk readers are making at least a year's worth of growth or more in one school year? \*Please consider both state PVAAS data and local assessment data

No

Please explain:

In previous years, our PVAAS growth data has not been positive. In 2019, the 6th grade

English Language Arts data indicated there is "significant evidence that the LEA/district did not meet the growth standard."

13. Has the LEA used structured literacy and/or provided training for K-4, ESL, and Special Education teachers in structured literacy?

No

If so, please identify the training, grade level, and number of teachers involved.

Training	Grade Level / ESL / Special Education	Number of Teachers Trained

14. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
Wilson Reading	Children with Disabilities	15	Wilson Reading program

15. How will the LEA assess the success of the literacy program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Progress Monitoring	Bi-weekly	Meet or exceed learning goal.
Benchmark Assessments	Three times per year	Meet or exceed grade level goal.

**Section 3d - Other Learning Loss Activities:** LEAs are permitted to utilize the remainder of their allocation to support and/or supplement additional efforts being implemented to combat learning loss caused by the COVID-19 pandemic. Please use this section to describe those efforts.

\*This value can be **UP TO 52%** of the total allocation, if minimum values were used for other reserves.

16. Calculate 52% of the remaining LEA Allocation **AS A MAXIMUM** amount to fund Other Learning Loss Activities. (Calculation will populate when you click the Save button)

	Total LEA Allocation	Multiply by 52% (.52)	Maximum Allocation for Other Learning Loss Activities
<b>52% Other Learning Loss Activities</b>	179,530	52%	93,356

17. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
Elementary Math Resource	Children from Low-Income Families	880	Math program which is to be selected.

18. How will the LEA assess the success of the learning loss activities? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Assessment Scores	Yearly	Meet or exceed state average.
Learning Progressions	Progress reported three times per year.	Adequate progress in meeting grade level learning progressions.

## Section: Budget - Social and Emotional Learning Budget

### Social and Emotional Learning Budget

#### Budget

\$179,530.00

#### Allocation

\$179,530.00

#### Budget Over(Under) Allocation

\$0.00

Enter your calculated value for the 30% Social and Emotional Learning set aside requirement. (Round Up to the whole dollar)

53,859

#### Budget Summary

Function	Object	Amount	Description
1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY	300 - Purchased Professional and Technical Services	\$30,000.00	Purchase services from the CARON Foundation to provide mental health supports to students
1200 - SPECIAL PROGRAMS – ELEMENTARY / SECONDARY	300 - Purchased Professional and Technical Services	\$23,859.00	Purchase services from the CARON Foundation to provide mental health supports to students
		<b>\$53,859.00</b>	

## Section: Budget - Social and Emotional Learning Professional Development Budget

### Social and Emotional Learning Professional Development Budget
