We have performed the Single Audit of the Hamburg Area School District for the fiscal year ended June 30, 2022, and have enclosed the Single Audit reporting package.

The Single Audit was done to fulfill the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, which entailed:

1. An audit of the basic financial statements, and our opinion thereon;
2. A review of compliance and of internal control over financial reporting based on an audit of the financial statements performed in accordance with Governmental Auditing Standards, and our report thereon;
3. An examination of the Schedule of Expenditures of Federal Awards and our report thereon; and,
4. An opinion on compliance with requirements applicable to each major program, and a review of internal control over compliance in accordance with the Uniformed Guidance, explained above, and our report thereon.

As part of our report, we have enclosed our management letter.

Respectfully submitted,

*Gorman & Associates, P.C.*

CERTIFIED PUBLIC ACCOUNTANTS

Members of  
American Institute of Certified Public Accountants  
Pennsylvania Institute of Certified Public Accountants  
Florida Institute of Certified Public Accountants

Board of School Directors  
Dr. Richard J. Mextorf, Superintendent  
Hamburg Area School District  
701 Windsor Street  
Hamburg, PA 19526

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Hamburg Area School District for the year ended June 30, 2022, and have issued our report thereon dated November 17, 2022.

As stated in our engagement letter, our responsibility, as described by professional standards, is to express opinions about whether your financial statements are fairly presented, in all material respects, in conformity with the U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities, including having compensating controls in place to ensure our preparation of your financial statements and note disclosures are not materially misstated.

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matter on June 29, 2022.

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Hamburg Area School District are described in the notes to the financial statements. Accounting policies adopted during this past year and the existing policies were properly applied. We did not discover any transactions entered into by the District that lacked authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates, which are part of the significant accounting policies, are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events may differ significantly from those expected. The most sensitive estimates affecting the financial statements was depreciation taken on capital assets based upon the estimated useful life of each asset and calculated on the straight-line basis of depreciation and the actuary's estimate of Other Post-Employment Benefits, and Net Pension Liability. We have evaluated the factors and assumptions used to develop these estimates and have determined the estimates to be reasonable in relation to the financial statements taken as a whole.

We wish to inform you that the disclosures in your financial statements are neutral, consistent, and clear. From time to time, certain disclosures are more sensitive than others due to their significance to financial statement users. The most sensitive disclosures involve capital assets and long-term debt.

We have requested certain representations from management that are included in the management representation letter provided to us on November 17, 2022. We advise the government body to request this letter from management for their review. In conjunction with their representations, we wish to inform you we did not encounter any significant difficulties in dealing with management and had no disagreements with your management. To our knowledge, management did not find a need to converse with any other independent accountant or any related accounting or auditing issue.

In addition, the representation letter provided to us, by management, confirmed there were no uncorrected misstatements. Management has recorded all of our adjusting journal entries, and has agreed to the conversion entries necessary to convert governmental funds and proprietary funds to governmental activities and business-type activities, respectively.

In accordance with auditing standards, generally accepted in the United States of America, we have acquired a sufficient understanding of the District and its environment, including its internal control, to assess the risk of material misstatements of the financial statements whether due to error or fraud, and to design the nature, timing, and extent of further audit procedures that were necessary to express an opinion on the 2021-22 basic financial statements.

Our consideration of the District's internal control components was not designed for the purpose of making detailed recommendations and would not necessarily disclose all significant deficiencies within the components. Our audit procedures have been appropriately adjusted to compensate for any observed significant deficiencies. The following three paragraphs define the three different types of deficiencies that can occur:

**A control deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.**

**A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.**

**A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.**

As the primary purpose of our audit is to form an opinion on the basic financial statements, you will appreciate that reliance must be placed on adequate methods of internal control as your principal safeguard against errors and fraud which audit procedures may not disclose. The objective of internal control over financial reporting is to provide reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use and that financial records are reliable for preparing financial statements in accordance with generally accepted accounting principles and for maintaining the accountability for assets. The concept of reasonable assurance recognizes that the cost of internal control should not exceed the related benefits; to operationalize this concept, management is required to formulate estimates and judgments of the cost/benefit ratios of alternative controls.

There are inherent limitations that should be recognized in considering the potential effectiveness of internal control over financial reporting. Errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, fatigue, and other personnel factors. Control procedures whose effectiveness depends upon the segregation of duties can be circumvented by collusion or by management. What's more, any projection of internal control evaluations to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions or due to the deterioration of the degree of compliance with control procedures.

---

**Board of School Directors. Dr. Richard J. Mextorf, Superintendent**

---

As an adjunct to our audit, we remained alert throughout for opportunities to enhance internal controls and operating efficiency. These matters were discussed with management as the audit progressed and have subsequently been reviewed in detail to formulate practical recommendations. We wish to thank your staff for their courtesies and cooperation, which facilitated the efficient performance of audit procedures. The remainder of this letter will explain any internal control deficiencies discovered during the audit, other auditor recommendations, and other information pertinent to the District.

A control deficiency is determined to be considered a material weakness or significant deficiency based upon the magnitude of the problem as it pertains to a particular opinion unit. In other words, what is considered a significant deficiency in one fund may only be a control deficiency in another fund of greater size.

**The following section in this governance/management letter is separated by categories based on importance, with any material weaknesses or significant deficiencies listed in the beginning:**

**CONTROL DEFICIENCIES****Bank Reconciliations – Activity Fund**

While performing the audit, we found errors in both bank reconciliations for the Middle School and High School Activity Fund bank accounts. Due to these errors, the bank reconciliations did not tie to the amounts reported on the client's trial balance at year-end. Completing an accurate bank reconciliation is a fundamental procedure in maintaining accurate accounting records and is meant to help identify and correct discrepancies in the underlying records. The District should implement additional procedures to ensure the reconciled balances tie to the trial balance and the reconciliations are reviewed for completeness and accuracy.

**Adjusting Journal Entries – Activity Fund**

While auditing the High School and Middle School Activity Funds, we discovered many of the adjusting entries posted in the system were posted in error. Two types of errors we found included duplicating a previous journal entry and posting the debits and credits backwards. While adjusting journal entries are necessary at times, procedures should be in place to make certain these adjustments are necessary, to understand why they are being made, and that they are made correctly so as not to cause discrepancies in the underlying records. It is our recommendation for management to review the controls and procedures around who can make adjusting journal entries and the review and approval process for these adjustments to ensure any adjustments being made are correct and necessary and to understand why the entry is needed in the first place.

**OTHER INFORMATION****SBITAs (Subscription-Based Information Technology Arrangements)**

IT software subscriptions allow governments to benefit from the use of IT software without maintaining a perpetual license or title to the software. Therefore, these arrangements are mutually beneficial for both the vendor and the government. Because of the increased popularity of subscription-based information technology arrangements, GASB issued Statement No. 96 to address the accounting treatment and financial reporting for these agreements.

Currently these types of arrangements are simply expensed when paid however under the new standard a subscription liability is measured as the present value of the total subscription expected to be made to the vendor during the subscription term. The total future payments are discounted using the interest rate the vendor charges the government, which may be the interest rate implicit in the SBITA, or if such a rate is not stated an estimated incremental borrow rate of the government can be used for the present value

**Board of School Directors. Dr. Richard J. Mextorf, Superintendent**

---

calculation. In addition to the subscription liability, the government recognized a subscription asset. Subsequently, the government will amortize the subscription asset in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT asset. Amortization of the subscription asset begins at the commencement of the subscription term and is reported as an outflow of resources by the governmental entity.

The new guidance is effective for the 22-23 fiscal year.

This letter is required by our standards and has been combined with what we previously referred to as the management letter. The intent of this letter is to communicate with those charged with governance on matters pertaining to the audit and includes information that we believe can help you correct or improve operating efficiency, under the limitations of staff availability, within the School District.

Respectively submitted,

Northampton, Pennsylvania  
November 17, 2022

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Hamburg Area School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Hamburg Area School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Hamburg Area School District, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Hamburg Area School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Change in Accounting Principle***

As described in Note 2-G to the financial statements, in 2022, the District adopted new accounting guidance, GASB Statement No. 87, Leases. Our opinion is not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hamburg Area School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hamburg Area School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hamburg Area School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10-18, the schedules associated with the District's Defined Benefit Pension Plan, and the Schedules of the District's OPEB Plans, on pages 82-91, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

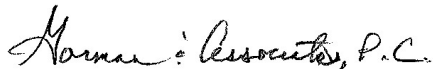

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Hamburg Area School District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2022, on our consideration of the Hamburg Area School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Hamburg Area School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hamburg Area School District's internal control over financial reporting and compliance.

Respectfully submitted,

Northampton, Pennsylvania  
November 17, 2022

**Management's Discussion & Analysis (MD&A)**  
**Required Supplementary Information (RSI)**  
**(UNAUDITED)**  
**For the Fiscal Year Ended June 30, 2022**

---

The Hamburg Area School District Management's Discussion & Analysis (MD&A) is designed to provide an overview of the District's financial activity and identify changes in the District's financial position.

The following Discussion and Analysis provides an overall review of the Hamburg Area School District's financial activities for the fiscal year ended June 30, 2022.

**Financial Highlights**

During the year, the District's general fund revenues exceeded expenditures by \$2,294,675. The primary reasons for the excess of revenues over expenditures were an increase in state and Federal funding and continued focus on expenditures based on the needs of the District.

The Board of Directors passed the 2022-23 budget without a real estate tax increase.

**HAMBURG AREA SCHOOL DISTRICT**  
**Management's Discussion and Analysis**

Figure A-1 summarizes the major features of the District's financial statements. The remainder of this overview highlights the structure and contents of the statements.

<b>A. Major Features of the District-wide and Fund Financial Statements</b>				
	District-wide Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire District (except fiduciary funds)	Activities of the District that are not proprietary or fiduciary, such as general operating and capital projects.	Activities the District operates similar to private businesses, such as food services.	Instances in which the District administers resources on behalf of someone else, such as scholarship programs and student activities monies.
Required financial statements	<ul style="list-style-type: none"> <li>Statement of net position</li> <li>Statement of activities</li> </ul>	<ul style="list-style-type: none"> <li>Balance sheet</li> <li>Statement of revenues, expenditures, and changes in fund balances</li> </ul>	<ul style="list-style-type: none"> <li>Statement of net position</li> <li>Statement of Changes in Net position</li> <li>Statement of cash flows</li> </ul>	<ul style="list-style-type: none"> <li>Statement of fiduciary net position</li> <li>Statement of changes in fiduciary net position</li> </ul>
Accounting Basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term.	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included.	All assets and liabilities, both financial and capital, and short-term and long-term.	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can.
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid.	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable.	All revenues and expenses during the year, regardless of when cash is received or paid.	All additions and deductions during the year, regardless of when cash is received or paid.

**HAMBURG AREA SCHOOL DISTRICT**  
**Management's Discussion and Analysis**

---

**OVERVIEW OF FINANCIAL STATEMENTS**

District-Wide Reporting

\* Statement of Net Position – Identifies the assets owned by the district and the debt owed by the district. In addition, all required deferred outflows of resources and deferred inflows of resources are presented. Over time this statement measures the financial health of the district by revealing whether net position is increasing or decreasing.

\* Statement of Net Position – Identifies the assets owned by the district and the debt owed by the district. In addition, all required deferred outflows of resources and deferred inflows of resources are presented. Over time this statement measures the financial health of the district by revealing whether net position is increasing or decreasing.

\* Statement of Activities – identifies the costs of providing services to the district and the financial resources obtained to finance the services.

Both statements report two activities:

\* Governmental Activities – Most of the district's programs and services are reported here including instruction, support services, operation of plant, pupil transportation and student activities. Property taxes and state and federal subsidies finance most of this activity.

\* Business-type Activities – The school district operates a food service operation. Students and staff are charged fees to cover some of the costs of operation. State and federal breakfast and lunch programs further subsidize food service costs.

District Fund Reporting

Fund financial statements provide the next level of detail. The District's funds fall into three categories:

\* Governmental Funds – Major governmental funds of the District are the General Fund, Capital Reserve Fund, and Capital Projects Fund. Non-major funds include the Debt Service Fund. These funds are reported using the modified accrual method of accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental funds present a short-term view of the District's operations and the services it provides.

\* Proprietary Funds – Reports the activities of the District's Food Service operation. These statements mirror those as provided by the Business-type activities in the Governmental-wide statements, while providing more detail and additional information such as cash flows.

\* Fiduciary Funds – The School District acts as a trustee to manage assets belonging to others. The Scholarship (Private Purpose) Fund and Student Activities Funds are reported on a separate statement of fiduciary net position and statement of the changes in fiduciary net position because these funds may not be used to finance district operations.

**HAMBURG AREA SCHOOL DISTRICT**  
**Management's Discussion and Analysis**

**DISTRICT-WIDE FINANCIAL ANALYSIS**

The District's net position was (\$1,914,525) at June 30, 2022, an increase of \$5,058,426. The governmental net position increased by \$4,508,234, while the business-type net position increased by \$550,192.

**Table A-1**  
**Fiscal Year Ended June 30, 2022**  
**Net Position**

	2022				2021		
	Governmental Activities	Business-type Activities	Total		Governmental Activities	Business-type Activities	Total

(1) internal balances do not represent assets or liabilities of the total primary government

The largest component of Net Position is the Investment in Capital Assets Net of Related Debt. It represents the current value of capital assets (less depreciation/amortization) less the related debt outstanding to finance the acquisition of such assets adding or subtracting any related deferred outflows or inflows of resources. The remaining net position is comprised of unrestricted balances net of restricted balances.

**HAMBURG AREA SCHOOL DISTRICT**  
**Management's Discussion and Analysis**

The results of this year's operations as a whole are reported in the Statement of Activities. Table A-2 takes information from that statement and rearranges it slightly. All revenues are reported in the first column. Specific charges, grants, revenues and subsidies that directly relate to specific expense categories are represented to determine the final amount of the District's activities supported by other general revenues. The largest general revenues are the Basic Education subsidy provided by the Commonwealth of Pennsylvania and real estate taxes assessed to the owners of property in the Hamburg Area School District.

**HAMBURG AREA SCHOOL DISTRICT**  
**Management's Discussion and Analysis**

Table A-3 shows the total cost of program expenses and the net costs of programs offset by charges for services and grant revenue. Net Cost of Services is supported by unrestricted grants including the basic education subsidy, local taxes, and other miscellaneous revenues. Local real estate taxes support 58.8% of the total cost of governmental activities in the school district.

The only Business-type entity of the School District is the Food Service operation. As shown in Table A-4, the Food Service Department ended the fiscal year with a \$550,192 excess. Food Service has been helped significantly by Federal funding during the COVID pandemic but the cost of operation continues to be evaluated.

The statement of Revenues, Expenses, and Changes in Net Position for this Proprietary Fund will further detail actual results of operation.

**Management's Discussion and Analysis**

---

The District Funds:

At June 30, 2022, the District governmental funds reported a combined fund balance of \$20,058,448. This represents a decrease of \$5,613,601 from the prior year. The reason for the decrease is due to the renovation of the Middle School. The Middle School renovation began in April 2021 and was completed in February 2022.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

The School District's investment in capital assets net of accumulated depreciation increased \$6,492,051, or 8.9%. Tables A-5 and A-6 summarize the capital assets of both the governmental and business activities of the School District.

**Table A-5**

<b>Total</b>	<b><u>\$ 43,945,000</u></b>	<b><u>\$ 46,340,000</u></b>

**LOOKING TO THE FUTURE:**

**CAPITAL PROJECTS:**

The District is in the planning stage for a renovation project at the High School. The primary components of this proposed renovation are redesigning the learning spaces to make them more conducive to learning in the 21<sup>st</sup> century. In addition, upgrades to the HVAC and electrical systems and replacement of the roof are also planned.

**HAMBURG AREA SCHOOL DISTRICT**  
**Management's Discussion and Analysis (MD&A)**

---

**BUDGET 2021-2022**

The Board of School Directors approved a 0 millage increase for 2021-2022. The millage remains at 26.96 mills, which means that property owners will pay \$26.96 for each \$1,000.00 of assessed valuation.

The 2021-22 budget maintained the existing programs offered in the District and included expenditures to mitigate learning loss as a result of the COVID-19 pandemic.

The comparison of revenue and expenditure categories is as follows:

**Table A-8**

**BUDGETED REVENUES**

	<u><b>2021-2022</b></u>	<u><b>2020-2021</b></u>
Local	63.3%	64.9%
State	32.6%	32.7%

The Accompanying Notes are an integral part of these financial statements.

**Hamburg Area School District  
Reconciliation of the Governmental Funds Balance Sheet  
to the Statement of Net Position  
As of June 30, 2022**

**TOTAL FUND BALANCES - GOVERNMENTAL FUNDS** \$ 20,058,448

**Amounts reported for governmental activities in the statement of net position are different because:**

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of the assets is \$111,648,657 and the accumulated depreciation and amortization is \$31,906,880. 79,741,777

Additional receivables established that do not meet the availability criteria reflected in the fund financial statements. This amount represents the difference between the prior year receivables and the current year receivables established under the accrual basis of accounting. 27,050

Property taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures and therefore are deferred in the funds, but not in the government-wide statement of net position. 914,673

The governmental funds follow the purchase method of inventory; therefore no inventory is reflected on the balance sheet. However, the statement of net position uses the consumption method of inventory. 45,404

An estimate of incurred but not reported claims (IBNR) on the District's self-insurance plan is reported as an expense on the government-wide statement of activities, but not in the fund financial statements. (309,282)

This represents deferred outflows of resources resulting in deferred charges on refunding prior bond issues. 2,683,810

This represents deferred outflows of resources, net of deferred inflows of resources pertaining to the Net Pension/OPEB Liability 1,293,118

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities and related items at year end consist of:

Bonds/Notes payable	\$ (47,538,508)	
Accrued interest on the bonds	(412,453)	
Compensated absences	(965,041)	
Net Defined Benefit Pension Liability	(50,225,791)	
Net Defined Contribution Pension Liability	(289,378)	
Net OPEB Liability - Single Employer	(3,000,434)	
Net OPEB Liability - Multiple Employer	(2,910,681)	
Lease Obligations	(453,222)	
Finance Purchase Obligations	-	(105,795,508)

**TOTAL NET POSITION - GOVERNMENTAL ACTIVITIES** **\$ (1,340,510)**

The Accompanying Notes are an integral part of these financial statements.

**Hamburg Area School District  
Reconciliation of the Governmental Funds  
Statement of Revenues, Expenditures, and Changes in Fund Balance  
to the Statement of Activities  
For the Year Ended June 30, 2022**

**NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS** \$ (5,613,601)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Depreciation and amortization expense	\$ 2,366,246	
less - capital outlays	<u>8,223,048</u>	5,856,802

In the statement of activities, only the gain on the sale of the capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of fixed assets sold. (2,651)

Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered as "available" revenues in the governmental funds. Deferred inflows of resources increased by this amount this year. (152,258)

Repayment of bond principal and lease principal are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 2,579,678

In the statement of activities, certain operating expenses--compensated absences (vacations), other post employment benefits, and special termination benefits (early retirement)--are measured by the amounts earned during the year. In the governmental funds; however, expenditures for these items are measured by the amount of financial resources used. This amount represents the difference between the amount earned versus the amount used. (9,872)

**SUB-TOTAL IN CHANGES BETWEEN BASIS OF ACCOUNTING** **2,658,098**

**Hamburg Area School District  
Reconciliation of the Governmental Funds  
Statement of Revenues, Expenditures, and Changes in Fund Balance  
to the Statement of Activities  
For the Year Ended June 30, 2022**

**SUB-TOTAL IN CHANGES BETWEEN BASIS OF ACCOUNTING (Cont'd)** **\$ 2,658,098**

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, interest expense is recognized as the interest accrues, regardless of when it is due. This would include accumulated interest accreted on capital appreciation bonds. The additional interest accrued in the statement of activities over the amount due is shown here.

106,254

In the statement of activities, certain operating revenues are recognized when earned versus the revenues using the modified accrual basis of accounting in the fund statements that are recognized when the funds are available. As such, the amount shown here represents the difference between earned revenues and revenues that are earned, but not available.

(156,702)

The governmental funds use the purchase method of inventory, where all items purchased are charged to expenditures. However, the statement of activities is reflected on the consumption method of recording inventory type items; therefore, this adjustment reflects the inventory difference.

10,571

The difference between current year pension/OPEB expense reported on the governmental activities column of the government-wide financial statements and the pension/OPEB contributions made this past year reported as expenditures in the governmental funds.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

**Note 1 - Description of the School District and Reporting Entity**

***School District***

The Hamburg Area School District is located in Hamburg, Pennsylvania. The District's tax base consists of five Townships; Perry, Upper Tulpehocken, Upper Bern, Tilden, and Windsor, and three Boroughs; Hamburg, Shoemakersville, and Strausstown.

The Hamburg Area School District is a unit established, organized, and empowered by the Commonwealth of Pennsylvania for the express purpose of carrying out, on the local level, the Commonwealth's obligation to public education, as established by the constitution of the Commonwealth and by the School Law Code of the same (Article II; Act 150, July 8, 1968).

As specified under the School Law Code of the Commonwealth of Pennsylvania, this and all other school districts of the state "shall be and hereby are vested as, bodies corporate, with all necessary powers to carry out the provisions of this act." (Article II, Section 211).

***Board of School Directors***

The public school system of the Commonwealth shall be administered by a board of school directors, to be elected or appointed, as hereinafter provided. At each election of school directors, each qualified voter shall be entitled to cast one vote for each school director to be elected.

The Hamburg Area School District is governed by a board of nine School Directors who are residents of the School District and who are elected every two years, on a staggered basis, for a four-year term.

The Board of School Directors has the power and duty to establish, equip, furnish, and maintain a sufficient number of elementary, secondary, and other schools necessary to educate every person, residing in such district, between the ages of six and twenty-one years, who may attend.

In order to establish, enlarge, equip, furnish, operate, and maintain any schools herein provided, or to pay any school indebtedness which the school district is required to pay, or to pay any indebtedness that may at any time hereafter be created by the school district, the board of school directors are vested with all the necessary authority and power annually to levy and collect the necessary taxes required and granted by the legislature, in addition to the annual State appropriation, and are vested with all necessary power and authority to comply with and carry out any or all of the provisions of the Public School Code of 1949.

***Administration***

The Superintendent of Schools shall be the executive officer of the Board of School Directors and, in that capacity shall administer the School District in conformity with Board policies and the School Laws of Pennsylvania. The Superintendent shall be directly responsible to, and therefore appointed by, the Board of School Directors. The Superintendent shall be responsible for the overall administration, supervision, and operation of the School District.

The Business Manager, recommended by the Superintendent and appointed by the Board of School Directors, shall supervise and coordinate all business aspects of the School District. In this capacity, he or she shall be responsible to insure that all work accomplished by him/her, or by persons under his/her supervision, is in the best interests of the Hamburg Area School District. The Business Manager is directly responsible to the Superintendent.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

***Reporting Entity***

A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements of the School District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Hamburg Area School District, this includes general operations, food service, and student related activities of the School District.

Hamburg Area School District is a municipal Corporation governed by an elected nine-member board. As required by generally accepted accounting principles, these financial statements are to present Hamburg Area School District (the primary government) and organizations for which the primary government is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are financially dependent on the School District in that the School District approved the budget, the issuance of debt, or the levying of taxes. The Hamburg Area School District does not have any component units.

***Joint Ventures***

***Berks Career and Technology Center***

The School District is a participating member of the Berks Career and Technology Center. The Center is run by a joint committee consisting of members from each participating district. No participating district appoints a majority of the joint committee. The board of directors of each participating district must approve the Center's annual operating budget. Each participating district pays a pro-rata share of the Center's operating costs based on the number of students attending the Center from each District. The District's share of the Center's operating costs for 2021-22 was \$881,736.

On dissolution of the Berks Career and Technology Center, the net position of the Center will be shared on a pro-rata basis of each participating district's current market value of taxable real property as certified by the Pennsylvania State Tax Equalization Board. However, the District does not have any equity interest in the Center as defined by GASB Statement No. 14, except a residual interest in the net position upon dissolution that should not be reflected on the basic financial statements. Complete financial statements for the Center can be obtained from the Center's administrative office at 1057 County Road, Leesport, PA 19533.

***Jointly Governed Organizations***

***Berks County Intermediate Unit***

The School District is a participating member of the Berks County Intermediate Unit (BCIU). The BCIU is run by a joint committee consisting of members from each participating district. No participating district appoints a majority of the joint committee. The board of directors of each participating district must approve the BCIU's annual operating budget. The BCIU is a self-sustaining organization that provides services for fees to participating districts. As such, the District has no on-going financial interest or financial responsibility in the BCIU. The BCIU contracts with participating districts to supply special education services, computer services, and acts as a conduit for certain federal programs.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

**Note 2 - Summary of significant accounting policies**

The financial statements of the District have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. On June 15, 1987, the GASB issued a codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant these accounting policies are described below and, where appropriate, subsequent pronouncements will be referenced. GASB Statement No. 62 was issued to include all prior Financial Accounting Standards Board's statements and interpretations, along with predecessors' statements and interpretations pertaining to governments into the hierarchy of the Governmental Accounting Standards Board's jurisdiction.

**A. Basis of Presentation**

The School District's basic financial statements consist of government-wide statements, including a statement of net position, a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**Government-wide Financial Statements** The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the School District that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the School District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities and for one business-type activity of the School District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business activity or governmental function is self-financing or draws from the general revenues of the School District.

**Fund Financial Statements** During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The fiduciary funds are reported by type.

**B. Fund Accounting**

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

**Governmental Funds** Governmental funds are those through which most governmental functions typically are financed. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Deferred Outflows of Resources is recorded in a particular governmental fund where costs are spent for a future period. Current Liabilities are assigned to the governmental fund from which they will be paid. Deferred Inflows of Resources is recorded in a particular governmental fund that has received resources for a future period. The difference between the sum of assets and deferred outflows of resources minus the sum of liabilities and deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds.

***General Fund***

The General Fund should be used to account for and report all financial resources not accounted for and reported in another fund.

***Special Revenue Funds***

Special Revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term proceeds of specific revenue sources establish that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. The restricted or committed proceeds of specific revenue sources should be expected to continue to comprise a substantial portion of the inflows reported in the fund. Other resources also may be reported in the fund if those resources are restricted, committed, or assigned to the special purpose of the fund.

Under this new definition, the District does not have any special revenue funds.

***Capital Project Funds***

Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital project funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

The District has the following Capital Project Fund:

***Capital Reserve Fund***

This fund was created in accordance with Section 1432 of the Municipal Code. The Municipal Code restricts how the resources are spent within this fund.

***Capital Projects Fund***

This fund was created from the issuance of the General Obligation Bonds Series of 2021 to finance various capital projects of the School District.

**Debt Service Funds** Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest. This type of fund is also used to accumulate the resources to make future debt service payments.

The District has the following Debt Service Funds:

***Debt Service Stabilization Fund***

**Proprietary Funds** Proprietary funds focus on the determination of changes in net position, financial position and cash flows and are classified as enterprise funds. The Proprietary Funds of the School have operating and nonoperating revenues and/or expenses. Transactions for which cash flows are reported

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

as capital and related financing activities, noncapital financing activities, or investing activities are reported as nonoperating revenues and/or expenses, including subsidies received from the state and federal government for school lunches, donated commodities, and amounts received for fica and retirement subsidies. Operating revenues reported are consistent with the fees or charges incurred based on the intent of the individual proprietary fund.

**Enterprise Funds** Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The School District's major enterprise fund is:

*Food Service Fund*

This fund accounts for the financial transactions related to the food service operations of the School District.

**Fiduciary Funds** Fiduciary funds reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: Pension (and other employee benefit) trust funds, investment trust funds, Private-purpose trust funds and Custodial funds. The School District has one Fiduciary Fund

*Student Activity Fund* – This fund is considered a custodial fund and is reported as such in the Statement of Net Position Fiduciary Funds and the Statement of Changes in Fiduciary Net Position. Custodial funds are used to report fiduciary activities that are not required to be reported in one of the other three Fiduciary fund types.

**C. Measurement Focus**

**Government-wide Financial Statements** The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the School District are included on the statement of net position.

**Fund Financial Statements** All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet, along with deferred outflows of resources or deferred inflows of resources required to be reported. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation's with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all enterprise funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities, including required deferred outflows of resources or required deferred inflows of resources, associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses, and changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the School District finances and meets the cash flow needs of its enterprise activities.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

**D. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

**Revenues - Exchange and Non-Exchange Transactions.** Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

**E. Budgetary Process**

An operating budget is adopted prior to the beginning of each year for the General Fund on the modified accrual basis of accounting. The General Fund is the only fund for which a budget is legally required.

In accordance with Act 1 of 2006, the Board shall annually, but not later than the first business meeting of January, decide the budget option to be used for the following fiscal year. The Board shall approve either the Accelerated Budget Process Option or the Board Resolution Option.

**Accelerated Budget Process Option**

Under this option, a preliminary budget must be prepared 150 days prior to the primary election. Under this Option, the preliminary budget must be available for public inspection at least 110 days prior to the primary election. The Board shall give public notice of its intent to adopt the preliminary budget at least 10 days prior to the adoption. The adoption must occur at least 90 days prior to the primary election.

If the preliminary budget exceeds the increase authorized by the Index, an application for an exception may be filed with either a Court of Common Pleas with jurisdiction or PDE and made available for public inspection. The Board may opt to forego applying for an exception by submitting a referendum question seeking voter approval for a tax increase, in accordance with Act 1.

The final budget shall include any necessary changes from the adopted preliminary budget. Any reduction required as the result of the failure of referendum shall be clearly stated. The final budget shall be made available for public inspection at least 20 days prior to final adoption. The Board shall annually adopt the final budget by a majority vote of all members of the Board prior to June 30.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

***Board Resolution Option***

Under the Board Resolution Option, the Board shall adopt a resolution that it will not raise the rate of any tax for the following fiscal year by more than the Index. Such resolution shall be adopted no later than 110 days prior to the primary election. At least 30 days prior to adoption of the final budget the Board shall prepare a proposed budget. The proposed budget shall be available for public inspection at least 20 days prior to adoption of the budget. The Board shall give public notice of its intent to adopt at least 10 days prior to adoption of the proposed budget. The Board shall annually adopt the final budget by a majority vote of all members of the Board by June 30.

Legal budgetary control is maintained at the sub-function/major object level. The PA School Code allows the School Board to make budgetary transfers between major function and major object codes only within the last nine months of the fiscal year, unless there is a two-thirds majority of the Board approving the transfer. Appropriations lapse at the end of the fiscal period. Budgetary information reflected in the financial statements is presented at or below the level of budgetary control and includes the effect of approved budget amendments.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the PDE 2028 when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all 2021-22 budget transfers.

***F. Use of Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

***G. Changes in Accounting Principles***

During the 2021-22 fiscal year the School District implemented the following new generally accepted accounting principles:

GASB Statement No. 87 (Leases). The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement requires certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

GASB Statement No. 89 (Accounting for Interest Cost Incurred before the End of a Construction Period). The objectives of the statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before construction ends. This standard requires expensing interest costs when incurred rather than capitalizing the costs.

GASB Statement No. 92 (Omnibus 2020). The primary objective is to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including (1) effective date of Statement No 87, Leases for interim financial reports (2) Reporting of intra-entity transfers between primary government employer and a component unit defined benefit pension plan or defined benefit OPEB plan (3) Applicability of certain requirements of Statement No 84 (4) Measurement of liabilities related to AROs (5) Reporting risk pools for amounts that are recoverable from reinsurers or excess insurers (6) Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature. (7) Terminology used to refer to derivative instruments.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

GASB Statement No. 93 (Replacement of Interbank Offered Rates). The objective of this Statement is to address the issue the London Interbank Offered Rate (LIBOR) is being replaced with an interbank offered rate (IBOR).

GASB Statement No. 97 (Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32). The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

GASB Statement No. 98, (The Annual Comprehensive Financial Report). - This Statement establishes the term *annual comprehensive financial report* and its acronym *ACFR*. That new term and acronym replace instances of *comprehensive annual financial report* and its acronym in generally accepted accounting principles for state and local government.

#### **H. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employee's Retirement System's fiduciary net position have been determined on the same basis as they are reported by the Public School Employee's Retirement System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **I. Other Postemployment Benefits**

##### *Multiple Employer Cost Sharing OPEB Plan*

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

##### *Single Employer OPEB Plan*

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information was obtained from the Actuary Report conducted by Conrad Siegel. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The single employer plan is not funded.

#### **J. Assets, Liabilities, and Net Position**

##### *Cash and Cash Equivalents*

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

For purposes of the Statement of Cash Flows, the Proprietary Fund type considers all highly liquid investments with a maturity of three months or less, when purchased, to be cash equivalents.

*Investments*

In accordance to GASB Statement No. 72, investments generally are to be measured at fair value. An investment is defined as a security or other asset that (a) a government holds primarily for the purpose of income or profit and (b) has the present service capacity based solely on its ability to generate cash or to be sold to generate cash. Investments not measured at fair value continue to include, for example, money market investments, 2a7-like external investment pools, investments in life insurance contracts, common stock meeting the criteria for applying the equity method, unallocated insurance contracts, and synthetic guaranteed investment contracts.

A government is permitted in certain circumstances to establish the fair value of an investment that does not have a readily determinable fair value by using the net asset value per share of the investment.

This Statement requires measurement at acquisition value (an entry price) for donated capital assets, donated works of art, historical treasures, and similar assets. These assets were previously required to be measured at fair value.

Fair Value is measured using a hierarchy of inputs using valuation techniques. The hierarchy has three levels. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are inputs, other than quoted prices, that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs.

The valuation techniques should be consistent with one or more of the following approaches: the market approach, the cost approach, or the income approach. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The cost approach reflects the amount that would be required to replace the present service capacity of an asset. The income approach converts future amounts (such as cash flows or income and expenses) to a single current (discounted) amount.

*Receivables and Payables*

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

*Property Tax Levy*

Property taxes, which were levied during the fiscal year ended June 30, 2022, are recognized as revenue in the fund financial statements when received by the District during the fiscal year and also estimated to be received by the District within sixty (60) days after the fiscal year ended.

Property taxes that were levied during the current fiscal year, which are not estimated to be received within sixty (60) days after the fiscal year-end, are recorded as receivable and deferred inflows of resources in the fund financial statements.

In the government-wide financial statements, all property taxes levied during the fiscal year are recognized as revenue, net of estimated uncollectible amount.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

*Inventories*

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis, and are expensed when used. A physical inventory taken at June 30, 2022, shows \$45,404 as an asset in the governmental activities column of the government-wide statement of net position and \$58,263 as an asset in the business-type activities column of the government-wide statement of net position.

Inventory type items in governmental funds utilize the purchase method; that is, they are charged to expenditures when purchased.

Inventory type items in Proprietary Funds use the consumption method, in which items are purchased for inventory and charged to expenses when used. The only Proprietary Fund of the District is the Food Service Fund. Inventory within this fund consists of donated commodities, which are valued at U.S.D.A.'s approximate costs, and purchased food.

Inventories on hand at June 30, 2022, consist of:

Purchased Food & Supplies	\$ 34,352
Donated Commodities	23,911
<b>TOTAL</b>	<b><u>\$ 58,263</u></b>

*Prepaid Expenses*

In both the government-wide and fund financial statements, prepaid expenses are recorded as assets in the specific governmental fund in which future benefits will be derived.

*Capital Assets*

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their acquisition values as of the date received. The School District maintains a capitalization threshold of two thousand five hundred (\$2,500) dollars. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets utilized by the enterprise funds is also capitalized.

All reported capital assets except land, certain land improvements and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

<u>Description</u>	<u>Governmental</u>	<u>Business-Type</u>
	<u>Activities Estimated</u>	<u>Activities</u>
	<u>Lives</u>	<u>Estimated Lives</u>
Site Improvements	10 - 20 years	10 - 20 years
Buildings and Improvements	25 - 50 years	25 - 50 years
Furniture and Equipment	5 - 30 years	5 - 30 years
Right-to-use Equipment	Length of Lease	Length of Lease

**Lessee:**

The Hamburg Area School District is a lessee for a noncancellable lease of equipment. The District recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The District recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability. Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

**Lessor:**

The Hamburg Area School District is a lessor for a noncancellable lease of land used for a communications tower. The District recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the District initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the District determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The District uses its estimated incremental borrowing rate as the discount rate for leases.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The District monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

#### *Compensated Absences*

The School District reports compensated absences in accordance with the provisions of GASB No. 16, "Accounting for Compensated Absences". Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental funds, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. In enterprise funds, the entire amount of compensated absences is reported as a fund liability.

#### *Long-Term Obligations*

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net position. Bond premiums and discounts, and deferred amounts on refundings are deferred and amortized over the life of the bonds using modification of the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Any deferred amount on refundings are reported as deferred outflows of resources and amortized over the life of the bond issue. Bond issuance costs are expensed in the year they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts or premiums on debt issuances are reported as other financing uses and sources, respectively. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as support service expenditures.

#### *Reclassification*

Certain amounts have been reclassified to conform to the June 30, 2022, presentation of government-wide financial statements on the accrual basis of accounting versus the governmental fund financial statements on the modified accrual basis.

#### *Net Position*

Net Position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net Investment in Capital Assets component of Net Position is comprised of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. In addition, any deferred outflows of resources and/or deferred inflows of resources related to such capital assets or liabilities associated with the capital assets should also be added to or deducted from the overall Net Investment in Capital Assets. The restricted component of Net Position is used when there are limitations

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

imposed on their use either through the enabling legislation adopted by a higher governmental authority or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remaining component of Net Position is unrestricted.

The School District applies restricted resources first when an expense is incurred for purposes for which both the restricted and unrestricted components of net position is available.

*Fund Balance Categories*

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Below are the potential categories of fund balance the government may use with their definitions, the actual categories used are explained in Note 9 to the financial statements:

**Nonspendable Fund Balance**

This category includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

**Restricted Fund Balance**

Fund balance should be reported as restricted when constraints placed on the use of resources are externally imposed by creditors, grantors, contributors, or other government laws or regulations, or the constraint is imposed by enabling legislation or constitutional provisions.

**Committed Fund Balance**

This category pertains to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. The committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action. This government's governing body is the School Board and the formal action taken to commit resources are done by resolution.

**Assigned Fund Balance**

This category includes all remaining amounts that are reported in governmental funds, except the general fund, that are not classified in one of the above-mentioned categories. In the general fund, this category represents the District's intent to use resources for a specific purpose, which does not require formal action by the governing body. The District's policy dictates the business manager is responsible to make these assignments.

**Unassigned Fund Balance**

This category of fund balance represents the residual classification for the general fund after segregating resources used in the other categories listed above. Unassigned fund balance will only be shown in other governmental funds if those governmental funds have a negative net fund balance.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

The District's policy on fund balance does not dictate which category of unrestricted fund balance is spent first, when resources are available to be spent in various categories. As such, committed amounts will be reduced first, followed by assigned amounts, and then unassigned amounts. The District's policy also does not dictate whether restricted (nonspendable or restricted) or unrestricted (committed, assigned, and unassigned) is spent first when resources are available in both categories. As such, in these circumstances, restricted will be assumed to have been spent first followed by the unrestricted categories.

*Contributions of Capital*

Contributions of capital in proprietary fund financial statements arise from outside contributions of fixed assets, or from grants or outside contributions of resources restricted to capital acquisition and construction. There were no outside capital contributions this past fiscal year in the proprietary fund.

**Note 3 - Reconciliation of Government-wide and Fund Financial Statements**

**A. Explanation of Certain Differences between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position.**

The governmental fund balance sheet includes reconciliation between "fund balance -total governmental funds" and "net position - governmental activities" as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds".

The details of this \$105,795,508, difference are:

Bonds payable	\$ 27,520,000
Notes payable	16,425,000
Less: Issuance discount (to be amortized as interest expense)	-
Add: Issuance premium (to be amortized as a credit to interest expense)	3,593,508
Accrued interest payable	412,453
Finance Purchase Obligations	-
Lease Obligations	453,222
Net Defined Benefit Pension Liability	50,225,791
Net Defined Contribution Pension Liability	289,378
Net OPEB Liability - Single Employer	3,000,434
Net OPEB Liability - Multiple Employer	2,910,681
Compensated absences	<u>965,041</u>
Net adjustment to reduce "fund balance - total governmental funds" to arrive at "net position - governmental activities"	<u><b>\$ 105,795,508</b></u>

**B. Explanation of Differences between Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Statement of Activities**

Due to the differences in the measurement focus and basis of accounting used on the government fund statements and district-wide statements certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. Differences between the governmental funds statement of revenues, expenditures, and changes in fund balance and the statement of activities fall into one of three broad categories. The amounts shown in the columns on the following page represent:

- a) Long-term revenue differences arise because governmental funds report revenues only when they are considered "available", whereas the statement of activities reports revenues when

**Hamburg Area School District**  
**Notes To Basic Financial Statements**  
**Fiscal Year Ended June 30, 2022**

earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the statement of activities. The long-term expenses reported below recognize the change in vested employee benefits.

- b) Capital related differences include (1) the difference between proceeds for the sale of capital assets reported on governmental fund statements, and the gain or loss on the sale of assets as reported on the statement of activities, and (2) the difference between recording an expenditure for the purchase of capital items in the governmental fund statements, and capitalization and recording of depreciation expense on those items as recorded in the statement of activities.
- c) Long-term debt transaction differences occur because long-term debt proceeds are recorded as revenue and both interest and principal payments are recorded as expenditures in the governmental fund statements. In the statement of activities, long-term debt proceeds are recorded as a liability; principal payments are recorded as a reduction of liabilities.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

**Note 4 - Stewardship, Compliance, and Accountability**

**A. Compliance with Finance Related Legal and Contractual Provisions**

The District has no material violations of finance related legal and contractual provisions.

**B. Deficit Fund Balance or Net Position of Individual Funds.**

No individual fund contains a deficit fund balance or net position at June 30, 2022, except the governmental activities has negative net position of \$1,340,510 and business-type activities (Food Service Fund) has a negative net position of \$574,015.

**C. Excess of Expenditures over Appropriations in Individual Funds**

No individual fund, which had a legally adopted budget, had an excess of expenditures over appropriations.

**D. Budgetary Compliance**

The District's only legally adopted budget is for the General Fund. All budgetary transfers were made within the last nine months of the fiscal year. The District cancels all purchase orders open at year-end; therefore, it does not have any outstanding encumbrances at June 30, 2022.

**Note 5 - Detailed Notes on all Funds and Account Groups**

**Assets**

*Cash*

*Custodial Credit Risk - Deposits*

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The District does not have a policy for custodial credit risk. As of June 30, 2022, \$405,414 of the District's bank balance of \$905,809 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ 2,693
Collateralized with securities held by the pledging financial institution	-
Uninsured and collateral held by the pledging bank's trust department	
Not in the District's name	402,721
<b>TOTAL</b>	<b>\$ 405,414</b>

*Reconciliation to Financial Statements*

Uncollateralized Amount Above	\$ 405,414
Plus: Insured Amount	500,395
Less: Outstanding Checks	(72,344)
Carrying Amount - Bank Balances	833,465
Plus: Petty Cash	100
Deposits in Investment Pools Considered Cash Equivalents	10,887,454
Less: Certificates of Deposit considered Investment by School Code	-
<b>TOTAL CASH PER FINANCIAL STATEMENTS</b>	<b>\$ 11,721,019</b>

*Investments*

Permitted investments for Hamburg Area School District are defined in the Public School Code of 1949, as amended by Act 10 of 2016 as:

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

1. United States Treasury Bills;
2. Short-term obligations of the United States Government or its agencies or instrumentalities;
3. Deposits in savings accounts or time deposits or share accounts of institutions insured by the F.D.I.C; and,
4. Obligations of the United States of America or any of its agencies or instrumentalities, the Commonwealth of Pennsylvania or any of its agencies or instrumentalities or any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities.
5. Obligations, participations or other instruments of any Federal Agency, instrumentality or United States government sponsored enterprise, including those issued or fully guaranteed as the principal and interest by Federal agencies, instrumentalities or United States government sponsored enterprises, if the debt obligations are rated at least "A" or its equivalent by at least two nationally recognized statistical ratings organizations.
6. Repurchase agreements with respect to United States Treasury bills or obligations, participations or other instruments of or guaranteed by the United States or any Federal agency, instrumentality or United States government sponsored enterprise.
7. Negotiable certificates of deposit or other evidences of deposit, with a remaining maturity of three years or less, issued by a nationally or State-chartered bank, a Federal or State savings and loan association or a State-licensed branch of a foreign bank. For obligations with a maturity of one year or less, the debt obligations of the issuing institution or its parent must be rated in the top short-term rating category by at least two nationally recognized statistical ratings organizations. For obligations with a maturity in excess of one year, the senior debt obligations of the issuing institution or its parent must be rated at least "A" or its equivalent by at least two nationally recognized statistical ratings organizations.
8. Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers' acceptances, if the bankers' acceptances do not exceed 180 days maturity and the accepting bank is rated in the top short-term category by at least two nationally recognized statistical ratings organizations.
9. Commercial paper issued by corporations or other business entities organized in accordance with Federal or State law, with a maturity not to exceed 270 days, if the paper is rated in the top short-term category by at least two nationally recognized statistical ratings organizations.
10. Shares of an investment company registered under the Investment Company Act of 1940, whose shares are registered under the Securities Act of 1933 and, if all of the following conditions are met:
  - The investments of the company are the authorized investments listed above.
  - The investment company is managed in accordance with 17 CFR 270.2a-7 (related to money market funds).
  - The investment company is rated in the highest category by a nationally recognized rating agency.
11. Savings or demand deposits placed in accordance with the following conditions:
  - The money is initially deposited and invested through a federally insured institution having a place of business in this Commonwealth, which is selected by the public corporation or municipal authority.

**Hamburg Area School District**  
**Notes To Basic Financial Statements**  
**Fiscal Year Ended June 30, 2022**

- The selected institution arranges for the redeposit of the money in savings or demand deposits in one or more financial institutions insured by the Federal Deposit Insurance Corporation, for the account of the public corporation or municipal authority.
- The full amount of principal and any accrued interest of each such deposit is insured by the Federal Deposit Insurance Corporation.
- On the same date that the money is redeposited pursuant to above, the selected institution receives an amount of deposits from customers of other financial institutions equal to or greater than the amount of money initially invested through the selected institution by the public corporation or municipal authority.

As of June 30, 2022, the District had the following investments:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Certificates of Deposit		\$ -
PA Local Gov't Investment Trust - Term		12,000,000
PA Local Gov't Investment Trust		9,340,103
PA School District Liquid Asset Fund		1,547,351
US Treasury Notes		-
<b>TOTAL</b>		<b>\$ 22,887,454</b>

**Interest Rate Risk**

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates

**Credit Risk**

The District has no investment policy that would limit its investment choices to certain credit ratings. As of June 30, 2022, the District's investment in the PA School District Liquid Asset Fund, and the PA Local Government Investment Trust were rated AAA by Standard & Poor's.

**Concentration of Credit Risk**

The District places no limit on the amount the District may invest in any one issuer. Of the General Fund's investments, 57.50% were invested in PLGIT Term CDs. No other fund held more than 5% of its investments in any one issuer. Of the Governmental Activities investments, 53.54% were invested in PLGIT Term CDs. Of the entire entity's investments, 52.43% were invested in PLGIT Term CDs.

**Custodial Credit Risk**

For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The District does not have any uninsured investments.

**Reconciliation to Financial Statements**

Total Investments Above	\$ 22,887,454
Less: Deposits in Investment Pool Considered Cash Equivalents	(10,887,454)
<b>Total Investments Per Financial Statements</b>	<b>\$ 12,000,000</b>

**Hamburg Area School District**  
**Notes To Basic Financial Statements**  
**Fiscal Year Ended June 30, 2022**

***Fair Value Reporting***

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District did not have any recurring fair value investments at June 30, 2022. The District did have Cash Equivalents in 2a7-like external investment pools, which GASB Statement No. 72 allows to be recorded at amortized cost as provided in paragraph 16 of GASB Statement No. 31.

***Property Taxes***

Property taxes are levied on July 1, on the assessed value listed, as of that date, for all taxable real property located in the District. Assessed values are established by the County Board of Assessments. All taxable real property was assessed at \$1,037,444,000. In accordance with Act 1 of 2006, the District received \$827,689 in property tax reduction funds for the 2021-22 fiscal year. The tax rate for the year was \$2.696 per \$100 of assessed valuation or 26.96 mills.

The property tax calendar is:

- July 1 - Full year tax assessed for current year.
- July 1 - August 31 - Discount period during which a 2% discount is allowed.
- September 1 - October 31 - Face amount of tax is due.
- November 1 - January 31 - A 10% penalty is added to all payments.
- February 1 - All unpaid taxes become delinquent and are turned over to the County Tax Claim Bureau for Collection.

The School District, in accordance with GAAP, recognized the delinquent and unpaid taxes receivable reduced by an allowance for uncollectible taxes as determined by the administration. A portion of the net amount estimated to be collectible, which was measurable and available within 60 days, was recognized as revenue and the balance deferred in the fund financial statements.

***Receivables***

Receivables for the government's individual major funds, non-major, and fiduciary funds in the aggregate as of year end, including the applicable allowances for uncollectible accounts, are:

**Schedule on Receivables for major, nonmajor, and fiduciary funds**

	<b>GENERAL FUND</b>	<b>CAPITAL PROJECT FUNDS</b>	<b>NON- MAJOR FUNDS</b>	<b>FOOD SERVICE FUND</b>	<b>FIDUCIARY FUNDS</b>	<b>TOTAL</b>
<b>RECEIVABLES:</b>						
Interest	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Taxes	1,193,794	-	-	-	-	1,193,794
Accounts	24,558	-	-	44	-	24,602

Intergovernmental	2,473,813	-	-	196,707	-	2,670,520
<b>GROSS RECEIVABLES</b>	<b>4,045,565</b>	<b>-</b>	<b>-</b>	<b>196,751</b>	<b>-</b>	<b>4,242,316</b>
Less: Allowance for Uncollectibles	-	-	-	-	-	-
<b>NET RECEIVABLES</b>	<b>\$ 4,045,565</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 196,751</b>	<b>\$ -</b>	<b>\$ 4,242,316</b>

**Hamburg Area School District**  
**Notes To Basic Financial Statements**  
**Fiscal Year Ended June 30, 2022**

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred inflows of resources reported in the governmental funds were:

**Schedule on Deferred Inflows of Resources - Unavailable and Unearned**

	<b>UNAVAILABLE</b>	<b>UNEARNED</b>
Delinquent Property Taxes - General Fund	\$ 914,673	\$ -
Unearned Lease Receivable	-	353,400
<b>TOTAL</b>	<b>\$ 914,673</b>	<b>\$ 353,400</b>

*Capital Assets*

Capital asset balances and activity for the year ending June 30, 2022, were:

	<b>BEGINNING BALANCE</b>	<b>INCREASES</b>	<b>DECREASES</b>	<b>ENDING BALANCE</b>
<b>GOVERNMENTAL ACTIVITIES:</b>

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

**\*DEPRECIATION/AMORTIZATION EXPENSE WAS CHARGED TO  
GOVERNMENTAL FUNCTIONS AS FOLLOWS:**

Instruction	\$ 23,602
Instructional Student Support	2,562
Admin. & Fin'l Support Services	224,072
Oper. & Maint. Of Plant Svcs.	57,474
Student activities	15,665
Unallocated Depreciation Expense	<u>2,042,871</u>
<b>TOTAL DEPRECIATION FOR GOVERNMENTAL ACTIVITIES</b>	<b><u>\$ 2,366,246</u></b>

The District's governmental activities sold \$26,514 of equipment for \$95 during the year, with accumulated depreciation of \$23,863, showing a loss on disposition of \$2,556. The business-type activities did not dispose of any equipment during the year.

***Commitments***

***Encumbrances***

Any encumbrances outstanding at year-end do not represent GAAP expenditures or liabilities but represent budgetary accounting controls. The General Fund Budget is maintained on the modified accrual basis of accounting, except that budgetary basis expenditures include any encumbrances issued for goods or services not received at year-end and not terminated.

***Construction Commitments***

The District had the following Construction Commitments at June 30, 2022:

	<b>CONTRACT AMOUNT</b>	<b>EXPENDED TO 6/30/22</b>	<b>OUTSTANDING COMMITMENTS</b>
<b><u>Middle School Renovations</u></b>			
General Construction	\$ 1,258,000	\$ 1,210,938	\$ 47,062

<b>GRAND TOTAL</b>	<b><u>\$ 10,164,741</u></b>	<b><u>\$ 10,084,592</u></b>	<b><u>\$ 80,149</u></b>

***Short-term Debt***

***Interfund receivables and payable***

Interfund balances between funds represent temporary loans recorded at year end subsequent to a final allocation of expenses. The balances generally are paid shortly after year end. Transfers represent funds set aside for the anticipation of future capital needs.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

The following interfund receivables and payables were in existence on June 30, 2022:

	<b>INTERFUND RECEIVABLES</b>	<b>INTERFUND PAYABLES</b>
General Fund	\$ 17,576	\$ 200,841
Enterprise (Food Service) Fund	201,861	17,576
Custodial Fund	-	1,020
<b>TOTAL</b>	<b>\$ 219,437</b>	<b>\$ 219,437</b>

*Interfund Transfers*

The District also made the following interfund transfers during the fiscal year ended June 30, 2022:

	<b>TRANSFER IN</b>	<b>TRANSFER OUT</b>
General Fund	\$ -	\$ -
Capital Reserve Fund	-	-
<b>TOTAL</b>	<b>\$ -</b>	<b>\$ -</b>

*Lease receivable*

Comcast Land Lease - Effective July 1, 2021, Hamburg Area School District was leasing the use of a tract of a land for a communications tower to Comcast. The lease is for over 9 years, with an initial term through November 30, 2025 and a five-year option to extend that is reasonably certain to be exercised. The District will receive monthly payments of \$3,750. The District recognized \$39,360 in lease revenue and \$5,640 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the District's receivable for lease payments was \$353,400. Also, the District has a deferred inflow of resources associated with this lease that will be recognized as revenue over the lease term. As of June 30, 2022, the balance of the deferred inflow of resources was \$353,400.

The future lease payments as of June 30, 2022, were as follows:

<b>FISCAL YEAR</b>	<b>PAYMENTS</b>
2022-23	\$ 39,360
2023-24	39,466
2024-25	40,123
2025-26	40,790
2026-27	41,468
2027-31	149,397
<b>Totals</b>	<b>\$ 350,604</b>

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

**Long-term Liabilities**

Long-term liability balances and activity for the year ended June 30, 2022, were:

<b>CHANGES IN LONG-TERM LIABILITIES</b>					
	<b>BEGINNING BALANCE</b>	<b>ADDITIONS</b>	<b>REDUCTIONS</b>	<b>ENDING BALANCE</b>	<b>AMOUNTS DUE WITHIN ONE YEAR</b>
<b>GOVERNMENTAL ACTIVITIES</b>					
<b>General Obligation Debt:</b>

***Compensated Absences***

***Sick-Pay***

Under the District's various bargaining agreements and plans, professional and management employees accumulate unused sick days from year to year. During the employee's tenure, unused sick days are non-vesting. Upon retirement, these employees are eligible for remuneration for unused sick days under the following bargaining agreements:

YEARS OF SERVICE	PAYMENT PER YEAR OF SERVICE		
	PROFESSIONAL	MANAGEMENT	SUPPORT
15 - 20	\$ 110	\$ 250	\$ 45
21 - 30	\$ 140	\$ 250	\$ 70
31 +	\$ 170	\$ 250	\$ 95

The District maintains a record of each employee's accumulated sick days and the District has valued the accumulated sick days that are earned by employees who are eligible to retire. In accordance with GASB Statement No. 16, a long-term liability of \$847,605 including FICA tax (net of reimbursement) has been established within the governmental activities column in the government-wide statement of net position. A long-term liability of \$36,557 including FICA tax (net of reimbursement) has been established in the business-type activity column in the statement of net position. In addition, liabilities of \$50,179, and \$0, including FICA tax, have been established within the General Fund and Food Service Fund, respectively.

The General Fund liability is reflected as a current liability in the government-wide statement of net position.

***Vacation Leave***

Unused vacation leave is paid upon an employee's termination. The District maintains records of each employee's accumulated vacation days. In accordance with GASB Statement No. 16, the portion of vacation pay earned at June 30, 2022, that will use currently available financial resources is \$31,765, including FICA tax and retirement contributions, which has been recorded in the General Fund and as a current liability within the governmental activities column in the government-wide statement of net position. The remaining vacation pay earned at June 30, 2022, of \$117,436, including FICA tax and retirement contributions (net of reimbursement), is recorded as a long-term liability in the governmental activities column of the government-wide statement of net position.

***Defined Benefit Pension Plan***

***Public School Employees' Retirement System (PSERS) Pension Plan***

***Summary of Significant Accounting Policies***

***Pensions***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS' fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

***General Information about the Pension Plan***

**Plan description**

PSERS is a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at [www.psers.pa.gov](http://www.psers.pa.gov).

**Benefits provided**

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service or attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service. Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

**Contributions**

Member Contributions:

The contribution rates based on qualified member compensation for virtually all members are presented below:

**Employer Contributions:**

The school districts' contractually required contribution rate for the fiscal year ended June 30, 2022 was 34.14% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the District were \$6,219,003 for the year ended June 30, 2022.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2022, the District reported a liability of \$51,643,758 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2020 to June 30, 2021. The District's proportion of the net pension liability was calculated utilizing the employer's one-year reported contributions as it relates to the total one-year reported contributions. At June 30, 2022, the District's proportion was 0.1262 percent, which was an increase of 0.0026 percent from its proportion measured as of June 30, 2021.

For the year ended June 30, 2022, the District recognized pension expense of \$4,003,266. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

<u>Sources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between Proportionate Share vs Actual		
Paid Separately Finance Liabilities	\$ 8,001	\$ -
Changes in Assumptions	2,513,000	-
Net difference between projected and actual contributions made	24,646	-
Net difference between projected and actual earnings on pension plan investments	-	8,248,000
Difference between expected and actual experience	-	643,000
Changes in proportion of the Net Pension Liability	977,000	-
District contributions subsequent to the measurement date	6,219,003	-
Total	<u>\$ 9,741,650</u>	<u>\$ 8,891,000</u>

\$6,219,003 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended June 30:</u>	<u>Amount</u>
2022	\$ (1,484,000)
2023	(534,371)
2024	(691,008)
2025	(2,662,015)
Thereafter	3,041
Total	<u>\$ (5,368,353)</u>

***Changes in Actuarial Assumptions***

The Total Pension Liability as of June 30, 2021 was determined by rolling forward the System's Total Pension Liability as of June 30, 2020 to June 30, 2021 using the following actuarial assumptions, applied to all periods included in the measurement:

- Valuation Date - June 30, 2020
- Actuarial cost method - Entry Age Normal - level % of pay.
- Investment return - 7.00%, includes inflation at 2.50%.
- Salary growth - Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

- The discount rate used to measure the Total Pension Liability decreased from 7.25% as of June 30, 2020 to 7.00% as of June 30, 2021.
- Demographic and economic assumptions approved by the Board for use effective with the June 30, 2021 actuarial valuation:
  - Salary growth rate - decreased from 5.00% to 4.50%.
  - Real wage growth and merit or seniority increases (components for salary growth) - decreased from 2.75% and 2.25% to 2.50% and 2.00%, respectively.
  - Mortality rates - Previously based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale. Effective with the June 30, 2021 actuarial valuation, mortality rates are based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study that was performed for the five year the period ending June 30, 2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
Global public equity	27.0%	5.2%
Private Equity	12.0%	7.3%
Fixed Income	35.0%	1.8%
Commodities	10.0%	2.0%
Absolute return	8.0%	3.1%
Infrastructure/MLPs	8.0%	5.1%
Real estate	10.0%	4.7%
Cash	3.0%	1.0%
Leverage	-13.0%	1.0%
	<b>100%</b>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2021.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

Discount rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate

The following presents the net pension liability, calculated using the discount rate of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	<b>1% Decrease 6.00%</b>	<b>Current Discount Rate 7.00%</b>	<b>1% Increase 8.00%</b>
District's proportionate share of the net pension liability	\$ 68,007,000	\$ 51,814,000	\$ 38,153,000

Pension plan fiduciary net position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at [www.psers.pa.gov](http://www.psers.pa.gov).

State Funding

The Commonwealth of Pennsylvania generally reimburses the School District for 50%-60% of its retirement expense. This arrangement does not meet the criteria of a special funding situation in accordance with GASB standards. Therefore, the net pension liabilities and related pension expense represent 100% of the School District's share of these amounts. During the year ended June 30, 2022, the School District recognized revenue of \$3,127,609 as reimbursement from the State for its current year pension payments

Payables to the Pension Plan

As of June 30, 2022, the School District had \$2,337,014 included in accrued wages liability, of which \$1,609,700 is for the contractually required contribution for the second quarter of 2022 and \$37,720 is related to the accrued payroll liability for wages incurred as of June 30, 2022.

***Defined Contributions Pension Plan***

***Retirement Severance Benefits***

Under various contracts with administrators, support staff and custodians a lump sum payment is offered upon retirement. The payment is based on a flat amount per year of service reduced by a per diem amount based on the number of sick days used in each year.

The lump sum payment shall be paid in full to the employee in one payment on the date to be determined by the employee after the employees' effective date of retirement. In the event of death of the employee, the lump sum payment will be paid in full to the employee's estate.

In accordance with Government Accounting Standards Board Statement No. 73, this benefit is considered a pension plan.

The following is a summary of plan provisions:

	<b><u>Professional (teaching) Staff</u></b>	<b><u>Administrators</u></b>	<b><u>Classified and Confidential Employees</u></b>
10 years' experience with district	\$110 per year of service with district	\$250 per year of district service	\$45 per year of district service
21 years' experience with district	\$140 per year of service with district	\$250 per year of district service	\$70 per year of district service
31 years' experience with district	\$170 per year of service with district	\$250 per year of district service	\$95 per year of district service

***Employer Contributions***

The school district pays this benefit on a pay-as-you-go basis. It does not accumulate funds into any trust for future benefits. Contributions to the pension plan from the District were \$27,512 for the year ended June 30, 2022.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2022, the District reported a liability of \$303,957 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July, 2021, with rolling forward the System's total pension liability as of June 30, 2022.

For the year ended June 30, 2022, the District recognized pension expense of \$40,724. The following table reflects the changes to the pension obligation during the year.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

Changes to Defined Contribution Pension Plan

	<u><b>2021-22</b></u>
<b>Total Defined Contribution Pension Liability - beginning</b>	<b>\$ 281,983</b>
Service Cost	18,806
Interest	5,389
Changes in Benefit Terms	12,433
Difference between expected and actual experience	10,908
Changes in assumptions	(5,179)
Benefit payments	(20,383)
Net change in total Pension Liability	<u>21,974</u>
<b>Total Defined Contribution Pension Liability - ending</b>	<b><u>\$ 303,957</u></b>
Interest Rate	2.28%
Plan Members	296
Covered Payroll	\$ 17,546,299

Actuarial Assumptions

The total pension liability as of June 30, 2022 was determined by the actuarial valuation on July 1, 2021, with rolling forward the System's total pension liability using the following actuarial assumptions, applied to all periods included in the measurement.

- Actuarial cost method - Entry Age Normal - level % of pay
- Investment return – 2.28%.

The actuarial assumptions used in the July 1, 2021 valuation were based on the experience study conducted by the actuary, including the assumed retirement rates based on PSERS plan experience and vary by age, service, and gender.

Schedule on Defined Contribution Pension Deferred Outflows/Inflows

<u><b>Sources</b></u>	<u><b>Deferred Outflows of Resources</b></u>	<u><b>Deferred Inflows of Resources</b></u>

---

***General Information about the Health Insurance Premium Assistance Program***

***Health Insurance Premium Assistance Program***

The System provides Premium Assistance which, is a governmental cost sharing, multiple-employer other postemployment benefit plan (OPEB) for all eligible retirees who qualify and elect to participate. Employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Effective January 1, 2002 under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2020 there were no assumed future benefit increases to participating eligible retirees.

***Premium Assistance Eligibility Criteria***

Retirees of the System can participate in the Premium Assistance program if they satisfy the following criteria:

- Have 24 ½ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age, and
- Participate in the HOP or employer-sponsored health insurance program.

***Pension Plan description***

PSERS is a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at [www.psers.pa.gov](http://www.psers.pa.gov).

***Benefits provided***

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2022, there were no assumed future benefit increases to participating eligible retirees.

***Contributions***

Employer Contributions:

The school districts' contractually required contribution rate for the fiscal year ended June 30, 2022 was 0.80% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the OPEB plan from the District were \$145,729 for the year ended June 30, 2022.

**Hamburg Area School District**  
**Notes To Basic Financial Statements**  
**Fiscal Year Ended June 30, 2022**

***OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

At June 30, 2022, the District reported a liability of \$3,000,644 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the System's total OPEB liability as of June 30, 2020 to June 30, 2021. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2022, the District's proportion was 0.1260 percent, which was an increase of 0.0024 percent from its proportion measured as of June 30, 2021.

For the year ended June 30, 2022, the District recognized OPEB expense of \$196,041. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

<b>Sources</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between Proportionate Share vs Actual		
Paid Separately Finance Liabilities	\$ 468	\$ -
Changes in Assumptions	278,000	-
Net difference between projected and actual contributions made	3,467	-
Net difference between projected and actual investment earnings	6,000	-
Difference between expected and actual experience	28,000	-
Changes in proportion of the Net OPEB Liability	58,000	-
District contributions subsequent to the measurement date	145,729	-
Total	<u>\$ 519,664</u>	<u>\$ -</u>

\$145,729 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<b>Year ended June 30:</b>	<b><u>Amount</u></b>
2022	\$ 64,000
2023	65,041
2024	75,042
2025	64,007
2026	59,313
Thereafter	<u>46,532</u>
Total	<u>\$ 373,935</u>

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

***Actuarial Assumptions***

The Total OPEB Liability as of June 30, 2021, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2020 to June 30, 2021 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method - Entry Age Normal - level % of pay.
- Investment return - 2.18% - S&P 20 Year Municipal Bond Rate.
- Salary growth - Effective average of 4.5%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.
- Participation rate:
  - Eligible retirees will elect to participate Pre age 65 at 50%
  - Eligible retirees will elect to participate Post age 65 at 70%

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study that was performed for the five year the period ending June 30, 2015.

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2019 determined the employer contribution rate for fiscal year 2021.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value.
- Participation rate: 63% of eligible retirees are assumed to elect premium assistance.
- Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

Investments consist primarily of short-term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

<b>OPEB - Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
Cash	79.8%	0.1%
US Core Fixed Income	17.5%	0.7%
Non-US Developed Fixed	2.7%	-0.3%
	<u>100%</u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2021.

**Discount rate**

The discount rate used to measure the Total OPEB Liability was 2.18%. Under the plan's funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a "pay-as-you-go" plan. A discount rate of 2.18% which represents the S&P 20-year Municipal Bond Rate at June 30, 2021, was applied to all projected benefit payments to measure the total OPEB liability.

**Sensitivity of the System Net OPEB Liability to Change in Healthcare Cost Trend Rates**

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2021, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2021, 93,392 retirees were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2020, 611 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

The following presents the System net OPEB liability for June 30, 2021, calculated using current Healthcare cost trends as well as what the System net OPEB liability would be if the health cost trends were 1-percentage point lower or 1-percentage point higher than the current rate:

	<b>1% Decrease</b>	<b>Current Trend Rate</b>	<b>1% Increase</b>
System net OPEB liability	\$ 2,986,000	\$ 2,987,000	\$ 2,987,000

**Sensitivity of the District's proportionate share of the net OPEB liability to changes in the discount rate**

The following presents the net OPEB liability, calculated using the discount rate of 2.18%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.18%) or 1-percentage-point higher (3.18%) than the current rate:

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

	<b>1% Decrease 1.18%</b>	<b>Current Discount Rate 2.18%</b>	<b>1% Increase 3.18%</b>
District's proportionate share of the net OPEB liability	\$ 3,427,000	\$ 2,987,000	\$ 2,623,000

*OPEB plan fiduciary net position*

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at [www.psers.pa.gov](http://www.psers.pa.gov).

*Payables to the Multiple Employer OPEB Plan*

As of June 30, 2022, the School District had \$54,763 included in accrued wages liability, of which \$37,720 is for the contractually required contribution for the second quarter of 2022 and \$17,043 is related to the accrued payroll liability for wages incurred as of June 30, 2022.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

**Single Employer Healthcare OPEB Plan**

The Following table reflects those Employees eligible for this other post-employment benefit:

<b>Summary of Plan Provisions</b>			
<b>Group</b>	<b>Eligibility</b>	<b>Coverage And Premium Sharing</b>	<b>Duration</b>
<b><u>I. ALL EMPLOYEES</u></b>	<i>Must retire from the District</i>	<ul style="list-style-type: none"> <li>Coverage: Medical, Prescription Drug, and Dental.</li> <li>Premium Sharing Member pays 100% of the premium plus a monthly fee of \$5.00.</li> <li>Dependents: Family Included.</li> </ul>	<p>Member and spouse may each continue coverage until Medicare age regardless of the status of the other.</p> <p>Grandfathered retiree. One retiree is allowed to continue dental coverage until spouse reaches Medicare age.</p>

**Notes: PSERS Retirement**

- 1) Pension Class T-C or T-D: An employee is eligible for PSERS retirement if he (or she) is eligible for either: i) PSERS early retirement while under 62 with 5 years of PSERS Service or ii) PSERS superannuation retirement upon reaching age 60 with 30 years of PSERS service, age 62 with 1 year of PSERS service or 35 years of PSERS service regardless of age. In general, these pension classes apply to individuals who were members of PSERS prior to July 1, 2011.
- 2) Pension Class T-E or T-F: An employee is eligible for PSERS retirement if he (or she) is eligible for either: i) PSERS early retirement while under 65 with 10 years of PSERS Service or ii) PSERS superannuation retirement upon reaching age 65 with 3 years of PSERS service or upon attainment of a total combination of age plus service equal to or greater than 92 with a minimum of 35 years of PSERS service. In general, these pension classes apply to individuals who became members of PSERS on or after July 1, 2011 and prior to July 1, 2019.
- 3) Pension Class T-G: An employee is eligible for PSERS retirement if he (or she) is eligible for either: i) PSERS early retirement while under 67 with 10 years of PSERS Service or ii) PSERS superannuation retirement upon reaching age 67 with 3 years of PSERS service or upon attainment of a total combination of age plus service equal to or greater than 97 with a minimum of 35 years of PSERS service. In general, this pension class applies to individuals who became members of PSERS on or after July 1, 2019.
- 4) Pension Class T-H: An employee is eligible for PSERS retirement if he (or she) is eligible for either: i) PSERS early retirement while under 67 with 10 years of PSERS Service or ii) PSERS superannuation retirement upon reaching age 67 with 3 years of PSERS service. In general, this pension class applies to individuals who became members of PSERS on or after July 1, 2019.
- 5) All individuals except those in Pension Class T-G are eligible for a special early retirement upon reaching age 55 with 25 years of PSERS service. Individuals in Pension Class T-G are eligible for a special early retirement upon reaching age 57 with 25 years of PSERS service.

**Employees Covered by Benefit Terms**

At June 30, 2022, the following employees were covered by the benefit terms:

Active Participants	296
Vested Former Participants	0
Retired Participants	<u>16</u>
Total	312

**Total OPEB Liability**

The School's total OPEB liability under this single employer plan of \$17,546,299, was measured as of June 30, 2022, and was determined by an actuarial valuation as of July 1, 2021.

**Actuarial Assumptions and Other Inputs**

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the benefits and the annual required contributions of the employer are subject to continual revision, actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress, presented as required supplementary information, provides multiyear trend information that shows whether the actuarial value of plan Net Position is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**Actuarial Methods and Assumptions**

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the district and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

	<b>Single Employer OPEB Healthcare <u>Benefit</u></b>
Actuarial valuation date	7/1/2021
Actuarial cost method	Entry Age Normal
Discount Rate	2.28%
Salary Increases	3.50% to 6.25%
Healthcare cost trend rates	5.5% in 2021 through 2023. Rates gradually decrease from 5.4% in 2024 to 4.0% in 2075 based on the Society of Actuaries Long-Run Medical Cost Trend Model
Asset Valuation Method	pay as you go basis

The discount rate is based on S&P Municipal Bond 20-year high grade rate index at July 1, 2021.

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

Mortality rates are assumed pre-retirement and post-retirement using the rates assumed in the PSERS defined benefit pension plan actuarial valuation. Incorporated into our retirement table are rates projected generationally by the Buck Modified 2016 projection scale to reflect mortality improvement.

*Changes in the Total OPEB Liability*

	<u><b>2021-22</b></u>
<b>Total OPEB Liability</b>	
Service Cost	\$ 247,266
Interest	60,345
Changes in Benefit Terms	-
Difference between expected and actual experience	5,196
Changes in assumptions	(167,838)
Benefit payments	<u>(132,047)</u>
Net change in total OPEB Liability	12,922
Total OPEB Liability - beginning	<u>3,068,597</u>
<b>Total OPEB Liability - ending</b>	<u><b>\$ 3,081,519</b></u>
 Covered employee payroll	 <u><b>\$ 17,546,299</b></u>

Total OPEB Liability as a percentage of covered employee payroll 17.56%

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

For the year ended June 30, 2022, the School recognized OPEB expense of \$291,604. At June 30, 2022, the School reported deferred outflows of resource and deferred inflows of resources related to this single employer OPEB plan from the following sources:

<b>Sources</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Changes in Assumptions	\$ 89,226	\$ -
Net difference between projected and actual investment earnings	-	-
Difference between expected and actual experience	-	244,893
Changes in proportion of the Net OPEB Liability	-	-
District contributions subsequent to the measurement date	<u>85,012</u>	<u>-</u>
Total	<u><b>\$ 174,238</b></u>	<u><b>\$ 244,893</b></u>

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

Amounts reported as deferred outflows of resources and deferred inflows of resources related to this single employer OPEB plan will be recognized in OPEB expense as follows:

<b>Year ended June 30:</b>	<b><u>Amount</u></b>
2023	\$ (16,007)
2024	(16,007)
2025	(16,007)
2026	(16,007)
2027	(16,007)
Thereafter	<u>(75,632)</u>
Total	<u>\$ (155,667)</u>

**Sensitivity of the Total OPEB Liability to Changes in the Discount Rate**

The following presents the total OPEB liability of the School's single employer OPEB plan, as well as what the School's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.28%) or 1-percentage point higher (3.28%) than the current discount rate:

	<b><u>1% Decrease 1.28%</u></b>	<b><u>Current Discount Rate 2.28%</u></b>	<b><u>1% Increase 3.28%</u></b>
District's proportionate share of the net OPEB liability	\$ 3,306,647	\$ 3,081,519	\$ 2,867,254

**Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates**

The following presents the total OPEB liability of the School's single employer OPEB plan, as well as what the School's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage point lower or 1-percentage point higher than the current healthcare cost trend rates:

	<b><u>1% Decrease</u></b>	<b><u>Current Trend Rate</u></b>	<b><u>1% Increase</u></b>
System net OPEB liability	\$ 2,735,560	\$ 3,081,519	\$ 3,488,847

**Hamburg Area School District  
Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

**Note 6 - Risk Management**

The District is subject to risk of loss from employee risks, property damage, personal injury, auto accidents, etc. The District lowers these risks through the purchase of commercial insurance. The District's workers' compensation policy is a retrospectively rated policy. The final premium is based on actual payroll for the policy year and is determined by the insurance company. Any settlements received by the District or its employees did not exceed insurance charges in the last three years.

**Note 7 - Fund Balance Allocations**

*Restricted Fund Balance*

The Capital Reserve Fund's \$1,477,221 fund balance at year end is restricted because of enabling legislation under the Municipal Code in Pennsylvania. Section 1432 of this code restricts the use of resources for limited purposes.

The General Fund has \$2,350 restricted for unspent outside contributions received during the fiscal year.

*Committed Fund Balance*

The governing body (Board of School Directors) has committed \$68,803, of the General Fund's year end fund balance for HRA purposes.

*Assigned Fund Balance*

The General fund has assigned \$12,794,287, for future building projects and \$1,925,151 to balance the 2020-21 General Fund budget. In addition, \$437,213 has been assigned for the purpose of the Debt Service Stabilization Fund.

**Note 8 - Net Investment in Capital Assets**

The components of this restriction in the governmental activities column is total capital assets of \$73,249,726, with related debt of \$46,933,634, which includes unamortized bonds discounts, premiums, and deferred refunding charges. The business-type activities column reflects \$149,444 invested in capital assets with no related debt.

**Note 9 - Contingencies**

*Grants*

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and a condition specified in the grant agreements, and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund, or other applicable funds. However, in the opinion of management any such disallowed claims will not have a material adverse effect on the overall financial position of the School District as of June 30, 2022.

*Litigation*

The School District is party to legal proceedings. The School District is of the opinion that ultimate disposition of claims will not have a material effect, if any, on the financial condition of the School District.

**Note 10 - New Accounting Pronouncements**

The Governmental Accounting Standards Board (GASB) has issued the following standards, which have not yet been implemented:

- Statement No. 87, *Leases* – The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement requires certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Effective date: Periods beginning after June 15, 2021.
- Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period* – The objectives of the statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before construction ends. This standard requires expensing interest costs when incurred rather than capitalizing the costs. Effective date: Periods beginning after December 15, 2020.
- Statement No. 91, *Conduit Debt Obligations* – The primary objective is to provide a single method of reporting conduit debt obligations by issuers associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. Effective date: Periods beginning after December 15, 2021.
- Statement No. 92, *Omnibus 2020* – The primary objective is to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including (1) effective date of Statement No 87, Leases for interim financial reports (2) Reporting of intra-entity transfers between primary government employer and a component unit defined benefit pension plan or defined benefit OPEB plan (3) Applicability of certain requirements of Statement No 84 (4) Measurement of liabilities related to AROs (5) Reporting risk pools for amounts that are recoverable from reinsurers or excess insurers (6) Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature. (7) Terminology used to refer to derivative instruments. Effective date: Periods beginning after June 15, 2021.
- Statement No. 93, *Replacement of Interbank Offered Rates* – The primary objective of this Statement is to address the issue the London Interbank Offered Rate (LIBOR) is being replaced with an interbank offered rate (IBOR). Effective date: Periods beginning after June 15, 2021.
- Statement No. 94, *PPP's* – The primary objective of this Statement is to improve financial reporting related to public-private and public-public partnership arrangements (PPPs). A PPP is defined in which (1) the operator collects and is compensated by fees from third parties: (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services: and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. Effective date: Periods beginning after June 15, 2022.

Notes To Basic Financial Statements  
Fiscal Year Ended June 30, 2022**

---

- Statement No. 96, *Subscription-Based Information Technology Arrangements* – This statement provided guidance on accounting and financial reporting for subscription-based information technology arrangements (SBITAs). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to use subscription asset – and intangible asset – and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. Effective date: Periods beginning after June 15, 2022

**Public School Employees' Retirement System**

*Changes of Benefit Terms*

None

*Changes in Assumptions*

The actuarially determined contributions, by PSERS, are calculated as of the June 30 preceding the fiscal year in which contributions are made. It does not include an adjustment made for the difference between projected vs actual contributions or separately financed liabilities. The following methods and assumptions were used to determine contribution rates reported:

- Valuation Date -- June 30, 2020
- Actuarial cost method – Entry Age Normal – level % of pay.
- Investment return – 7.00% includes inflation at 2.50%.
- Salary growth – Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.
- Mortality rates were based on a blend 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.
- The discount rate used to measure the Total Pension Liability decreases from 7.25% as of June 30, 2020 to 7.00% as of June 30, 2021.
- Demographic and economic assumptions approved by the Board for use effective with the June 30, 2021 actuarial valuation:
  - Salary growth rate - decreased from 5.00% to 4.50%.
  - Real wage growth and merit or seniority increases (components for salary growth) - decreased from 2.75% and 2.25% to 2.50% and 2.00%, respectively.
  - Mortality rates - previously based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale. Effective with the June 30, 2021 actuarial valuation, mortality rates are based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

*Proportionate Share of the Net Pension Liability*

The amount reported as the District's proportionate share of the net pension liability (asset) does not include the adjustment for the difference between projected vs actual contributions made and the adjustment for the difference between proportionate share vs actual paid separately financed liabilities.

**Other Post-Employment Benefits – Teachers Health Insurance Assistance**

*Changes of Benefit Terms*

None

*Changes in Assumptions*

- The discount rate used to measure the Total OPEB liability decreased from 2.66% as of June 30, 2020 to 2.18% as of June 30, 2021.

**Hamburg Area School District  
Notes To Required Supplemental Information  
Fiscal Year Ended June 30, 2021**

---

**Methods and Assumptions Used in Calculations of Actuarially Determined Contributions**

The actuarially determined contributions, by PSERS, are calculated as of the June 30 preceding the fiscal year in which contributions are made. It does not include an adjustment made for the difference between projected vs actual contributions or separately financed liabilities. The following methods and assumptions were used to determine contribution rates reported:

- Investment return – 2.18% - S&P 20 Year Municipal Bond Rate.
- Salary increases – Effective average of 4.5%, which reflects an allowance for inflation of 2.50%, and 2.00% for real wage growth and merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.
- Participation rate:
  - Eligible retirees will elect to participate Pre age 65 at 50%
  - Eligible retirees will elect to participate Post age 65 at 70%

**The Following Assumptions were used to Determine the Contribution Rate:**

- The results of the actuarial valuation as of July 1, 2018 determined the employer contribution rate for fiscal year 2020.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value.
- Participation rate: 63% of eligible retirees are assumed to elect premium assistance.
- Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement scale..

**Proportionate Share of the Net OPEB Liability**

The amount reported as the District's proportionate share of the net OPEB liability (asset) does not include the adjustment for the difference between projected vs actual contributions made and the adjustment for the difference between proportionate share vs actual paid separately financed liabilities.

**Other Post-Employment Benefits – Single Employer Healthcare Plan**

**Changes of benefit terms**

No changes this year.

**Changes in assumptions**

The discount rate changed from 1.86% to 2.28%. The trend assumption was updated. Assumptions for salary, mortality, withdrawal and retirement were updated based on new PSERS assumptions.

**Hamburg Area School District  
Notes To Required Supplemental Information  
Fiscal Year Ended June 30, 2021**

---

*Methods and assumptions used in calculations of actuarially determined contributions*

- Actuarial Cost Method – Entry Age Normal
- Salary Increases – 3.50% to 6.25%
- Healthcare cost trend rate – 5.5% in 2021 through 2023. Rates gradually decrease from 5.4% in 2024 to 4.0% in 2075 based on the Society of Actuaries Long-Run Medical Cost Trend Model
- Asset Valuation Method – Equal to the Market Value of Assets
- Discount Rate – The rate of 2.28% is based on S&P Municipal Bond 20-year high grade rate index at July 1, 2021.

**Hamburg Area School District**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**For the year Ended June 30, 2022**

---

**Note 1 - Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of Hamburg Area School District under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of the Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Hamburg Area School District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Hamburg Area School District.

**Note 2 - Significant Accounting Policies**

The accompanying Schedule of Expenditures of Federal Awards is presented on the modified accrual basis of accounting for all federal awards charged to governmental funds and on the accrual basis of accounting for all federal awards charged to proprietary funds, as contemplated by accounting principles, generally accepted in the United States of America.

**Note 3 - Organization and Scope**

The District recognized 4.8% of its total general fund revenue in federal awards and 84.8% of its total enterprise fund revenue.

**Note 4 - Indirect Costs**

The District did not charge any indirect costs to any of their federal grants and programs during this fiscal year. As such, the District did not use the 10% de minimis cost rate.

**Note 5 - Program Disclosure – Footnotes**

1. The federal awards passed through the Berks County Intermediate Unit, under the U.S. Department of Education heading, are part of a consortium of participating school districts. In accordance with directions from the Commonwealth of Pennsylvania, these awards are reported on the basic financial statements as local source revenue.
2. The Federal Grants were passed through the following entities in the totals below:

	<u>Total Awards</u>	<u>Total Expenditures</u>
<u>Passed through</u>		
PA Commission on Crime & Delinquency	\$ 61,633	\$ 34,839
PA Department of Education	6,254,074	3,439,130
Berks County I.U.	689,933	365,477
PA Department of Public Welfare	N/A	204
PA Department of Agriculture	N/A	148,621
<b>Totals</b>	<b>\$ 7,005,640</b>	<b>\$ 3,988,271</b>

3. The District received non-monetary assistance from the U.S. Department of Agriculture, of \$145,701 in the form of commodities. These commodities are valued at U.S.D.A.'s approximate costs. During the 2021-22 fiscal year, the District used \$148,621 in commodities and established a year-end inventory of \$23,910 at June 30, 2022.

**Hamburg Area School District**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**For the year Ended June 30, 2022**

---

4. The amount recognized as revenue in the Schedule of Expenditures of Federal Awards, under the U.S. Department of Agriculture heading, represents the commodities used versus the commodities received, which are recognized as revenue in the basic financial statements.
5. The Medical Access grant passed through the PA Department of Education is reflected as federal source revenue on the basic financial statements; however pursuant to instructions from the commonwealth of PA, it is not reported as revenue on the Schedule of Expenditures of Federal Awards.
6. Of the \$1,276 reported in the Accrued or (Deferred) column at June 30, 2021, \$411 resulted in an overpayment by the Pennsylvania Department of Education (PDE) for the Title IV program. This amount was owed back to PDE as of June 30, 2022.
7. Of the \$883,200 of expenditures reported for the ESSER II grant, \$437,868 were incurred in the prior year.
8. Of the \$494,529 of expenditures reported for the ARP-ESSER grant, \$106,155 were incurred in the prior year.

---

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING  
STANDARDS**

Board of School Directors  
Hamburg Area School District  
701 Windsor Street  
Hamburg, PA 19526

We have audited, in accordance with the auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison statement of the general fund of the Hamburg Area School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Hamburg Area School District's basic financial statements, and have issued our report thereon dated November 17, 2022.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Hamburg Area School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Hamburg Area School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Hamburg Area School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

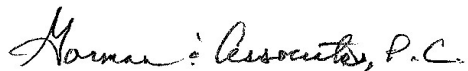

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Hamburg Area School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Northampton, PA

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND  
ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of School Directors  
Hamburg Area School District  
701 Windsor Street  
Hamburg, PA 19526

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Hamburg Area School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Hamburg Area School District's major federal programs for the year ended June 30, 2022. Hamburg Area School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Hamburg Area School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Hamburg Area School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Hamburg Area School District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Hamburg Area School District's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Hamburg Area School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Hamburg Area School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Hamburg Area School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Hamburg Area School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Hamburg Area School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control over Compliance***

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

## Hamburg Area School District

---

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

*Manna & Associates, P.C.*

Northampton, PA
